April 1st, 1914

A. D. Syne, Esq.,
Corresponding Secretary,
Engineering Society.

Dear Mr. Syne:

I have spoken to the Bursar about the possibility of changing the day for the Organ Recitals next year from Wednesday to Tuesday. I am glad to say that Mr. Moore thinks that he will be able to effect the change. There may be still one or two matters that he has to consider before finally announcing the change however.

Yours sincerely,

President.
